- The board is curious as to if the schools/ venues who help and host league events (jamboree/championship) if they can take on more of a leading role in planning and being responsible for the actual events, instead of the board members. The board is happy to be a point people in terms of helping with the planning, but we are looking for outside help.

Bethel SD Umpire Contact Update

Waiver Request Updates:

- * The board will not consider ANY requests past the deadline.

4. New Business:

Stats

- Please remind the people recording your stats to re-read the rules as to what constitutes, a ground ball, a check, and even a goalie saves.
- There looks like there is potential confusion on sportability, we as a board want more consistent.

The board is approving the nominal increase to the scheduler's compensation, to \$1,200.

Non-league Games Reporting

* We don't collect non league games, however there are teams playing out of league, Mike McQuad wants to collect data on non league games, not to be recorded by the league, and still do not affect league standings.

* Set up a non-league reporting option on Sportability.

5. Other Business:

USL and FSN have a deal on On Demand to show 6 Washington lacrosse games.

6. Executive Session (as required)
